

January 2023

## Notification of Price Revision

Dear Valuable customers,

Under the influence of world instability, raw material prices have risen sharply. We have been striving to maintain product prices by thoroughly rationalizing and reducing costs, but this time, we are unfortunately not able to continue absorbing the negative effects on our business.

Therefore, we are willing to increase blade prices.

1. Effective date January 1, 2023

2. Product Name
